AUSTIN FC Q2 STADIUM

“We wanted a stadium inspired by Austin, with Austin textures, Austin tastes and Austin sounds,” says Andy Loughnane, Austin FC president. “We wanted a stadium unique to Austin that wouldn’t fit in Los Angeles, Cincinnati or Nashville, but is perfect in Austin.”

To get there, Austin FC partnered with architecture firm Gensler for a fan-centric design of the \$260 million privately financed stadium meant to welcome year-round activity and large-scale soccer events and concerts.

Making Fans Comfortable

The first hurdle was handling the hot Austin summers. The indoor-outdoor experience is incredibly important in Austin,” Emmett says. “People love the outdoors, the natural landscape of hike and bike trails. We want this to be a comfortable, relaxed environment that provides natural landscape in and around the venue for a community asset year-round.”

The stadium orientation allows prevailing winds and breezes to rush in from the south. Fully closing the bowl stifles airflow, so Q2 opens the corners to naturally cool the environment, something Emmett says is great for fans, players and grass growth. The roof canopy is the second largest in the MLS and was designed to “put as much shade as possible on the seats for as much of the day as possible.” About 6,000 of the 20,500 seats in areas most perceptible to sunlight feature a mesh fabric seat to reduce heat buildup and drop the temperature of the seat between 30 and 40 degrees.

Diversity in Seating Types, Social Spaces

The west sideline features 27 traditional suites. The venue includes three main clubs, two on the west side and one on the east, aiming to build diversity in product, location, experience, look and feel and food and beverage options.

The building also has loge boxes and social spaces, such as an upper terrace on the west side that mimics a patio backyard experience with lounge furniture and high-top tables. Whether a hard-core fan staying locked into their seat or the casual fan looking to experience soccer in a social setting, the design caters to both.

Food and Fan Amenities

We have deliberately chosen to align with brands and flavor profiles that offer

a blend of Austin. Along with traditional stadium fare seen across more than half a dozen 521 Food Co.-branded offerings and Austin restaurants, Austin FC will feature rotational opportunities for local up-and-coming restaurateurs to profile products through dedicated stands via the Austin Table partnership with Auguste Escoffier School of Culinary Arts.

The Players

The players will experience a tech-first perspective too with an immersive locker room, a design driven around lighting and building excitement. “It is arguably the most welcoming and functionally stunning locker room in the league,” Loughnane says. “It is a beautiful design.”

The players may also enjoy the “seashore paspalum” grass grown for Austin FC in Scottsdale, Arizona, the same pitch type planned for Qatar’s 2022 World Cup. The relatively new grass type for soccer is designed to handle Texas summers and is also installed at the team’s training center.

Already, Austin FC has sold out of its 15,500 season tickets—75% of the venue—and the 20,500 capacity keeps demand high for the only professional big-league team in the city. The design does allow for the addition of 1,500 seats to the north end.

THE MOODY CENTER

BUILT FOR MUSIC. DESIGNED FOR AUSTIN.

Austin, Texas is revered by artists and their fans as the "Live Music Capital of the World," and Germania Insurance Amphitheater is building on that fine tradition.

ABOUT

Circuit of The Americas is the premier destination for world-class motorsports and entertainment in the United States. Set on 1,500 acres in the rolling hills just outside downtown Austin, Circuit of The Americas has hosted the biggest names in racing, action sports, and music since 2012. Drive, soar, ride and race at its heart is a 3.41-mile racetrack that was designed to challenge the world's most exacting competitors while providing a thrilling spectacle for audiences.

THE CIRCUIT

Circuit of The Americas is more than a race track – it's the only purpose-built facility in the United States designed to host the premier motorsports championships in the world, including Formula 1, MotoGP, NASCAR and more. With a blend of sweeping, fast sections and tight, technical corners, Circuit of The Americas has challenged the world's greatest drivers and riders. The 20-turn, counterclockwise circuit takes advantage of the naturally undulating landscape, including an intimidating 133-foot hill at Turn 1 that must be seen in person to be believed. It has hosted ESPN's X Games, MotoGP, the FIA World Rallycross and IMSA WeatherTech SportsCar Championship and more.

Why go?

There's a reason Austin is often regarded as America's coolest city, with great food and a vibrant nightlife, all united under the banner of the city's unofficial slogan: 'Keep Austin Weird'. Then when racing starts, you'll be in attendance at one of the great modern race tracks. With the Americans' attitude to partying, you won't want to miss out!

Where is the best place to watch?

You're spoiled for choice. If you sit in the main grandstand on the start-finish straight you'll get – in true US style – the benefit of an in-seat food and drinks service, while those in the stand at Turn 1 enjoy a view all the way to downtown Austin. But if you want to see the racing action up close, find a way into the the Stadium Section stands at Turns 15/16.

When real estate developers wanted to set up shop on the Blue Hole, the folks in Wimberley put their collective foot down and initiated the necessary fundraising and city-bill-writing to make Blue Hole a city park. Blue Hole is the locals' favorite spot to cool off. The park includes approximately 3.5 miles of trails, picnic areas, a community pavilion, playscape, basketball court, sand volleyball court, amphitheater, and the Blue Hole Swimming Area. Blue Hole is one of the best loved natural swimming holes in Texas. The entire park is open to visitors within the regular operating hours, however swimming is only allowed Memorial Day through Labor Day. (512) 660-9111.
